

# Hosted Exchange

## Services

**HAXXESS**  
ENTERPRISE CORPORATION

**Moving your email to the cloud for anytime, anywhere access that lets your employees stay productive.**

You and your staff members rely on your email as the foundation for communications – letting you stay in touch with colleagues, clients, and partners throughout the day. Why not invest in the right solution to give you anytime, anywhere access, in order to maintain productivity while keeping communication hassle free?

**Haxxess offers Hosted Exchange – a smarter way to communicate and make your email more mobile than ever before. Call 705-222-TECH (8324) or send us an email to [info@haxxess.com](mailto:info@haxxess.com) for more information.**

Hosted Exchange gets rid of the clunky servers that eat up money, time, and office space while moving you to a completely virtual, cloud-based email solution. When you choose to leverage Hosted Exchange, you're able to:

- **Access your emails**, calendars, contacts, and more on any device, as long as you're connected to the Internet.
- **Eliminate the need for an in-office server** that takes a lot of time, money, and hassle with maintenance and upgrade fees.
- **Reduce costs** with simple pay-as-you-go pricing that is customized to your unique needs.
- **Make collaboration simpler than ever** – allowing employees to easily share calendars, tasks, and contacts for better teamwork.
- **Maintain the confidentiality of information** with various security features, including encryption.

**Ready to move your email to the cloud for anytime, anywhere access? Contact Haxxess at 705-222-TECH (8324) or send us an email to [info@haxxess.com](mailto:info@haxxess.com).**

**We can help you migrate seamlessly for enhanced communications throughout your company.**
